

## CNC wants to put University of Coimbra in the first league of universities

The Center for Neuroscience and Cell Biology of the University of Coimbra (CNC-UC) celebrates today, November 26, 30 years.

Within the commemoration of the 3 decades of the center, Luís Pereira de Almeida, CNC-UC President, and Ana Luísa Carvalho and Paulo Oliveira, CNC-UC Vice-Presidents, gave an interview to Diário de Coimbra, where they discussed topics such as the missions for the Center led by the new Board of Directors, the CNC-UC answer to the COVID-19 pandemic, the importance of accomplishing 30 years of biomedical research, among others.
