

## Fees

| Resource                           |                  | Price (€/hour) |                    |                   |
|------------------------------------|------------------|----------------|--------------------|-------------------|
|                                    |                  | CNC            | External Academics | Commercial Use    |
| Confocal LSM 710                   |                  | 11.00*         | 22.00              | 44.00             |
| Cell Observer Spinning-Disk        |                  | 10.00*         | 20.00              | 40.00             |
| AxioObserver Z1                    | NO fluorescence  | 1.50           | 3.00               | 6.00              |
|                                    | Fluorescence     | 2.00           | 4.00               | 8.00              |
| AxioImager Z2                      | NO fluorescence  | 1.00           | 2.00               | 4.00              |
|                                    | Fluorescence     | 1.50           | 3.00               | 6.00              |
|                                    | ApoTome2 (extra) | 1.00           | 2.00               | 4.00              |
| Axio Scan Z1                       |                  | 2.00           | 4.00 <sup>#</sup>  | 4.00 <sup>#</sup> |
| Axioskop 2 Plus                    | NO fluorescence  | 0.50           | 1.00               | 2.00              |
|                                    | Fluorescence     | 0.75           | 1.50               | 3.00              |
| Laser Microdissection (PALM)       | NO fluorescence  | 0.75           | 1.50               | 3.00              |
|                                    | Fluorescence     | 1.00           | 2.00               | 4.00              |
|                                    | Microdissection  | 5.00           | 10.00              | 20.00             |
| Single Cell Calcium Imaging (SCCI) |                  | 1.40           | 2.00               | 4.00              |

\*Extensive time laps studies (>4 hrs) are encouraged to be performed overnight (20:00 – 08:00) or at weekends at a reduced cost of 30%.

<sup>#</sup> price upon request

- The charge for CNC users corresponds to consumables and 50% of service contracts / parts replacement.
- Imaging acquisition by MICC technician will be charged 3€ per hour (excluding training and technical support).
- Reservations can be cancelled up to 12h prior to booked starting time.
- Unused reservations will be charged at full rate.

## Microscopy Consumables

| Consumables  | Unit Price (€) |
|--|----------------|
| IBIDI $\mu$ -Slide 4 well Untreated                    | 7.50           |
| IBIDI $\mu$ -Slide 8 well Untreated                    | 7.50           |
| IBIDI $\mu$ -Slide 8 well Treated                      | 7.50           |
| IBIDI $\mu$ -Slide 8 well Removable                    | 11.50          |
| IBIDI $\mu$ -Dish (35mm, high) glass bottom (5 dishes) | 16.00          |
| IBIDI $\mu$ -Dish (35mm, low; 5 dishes)                | 14.50          |
| PALM MembraneSlide 1.0 PET (1 slide)                   | 6.00           |
| PALM AdhesiveCap 500 Clear (5 epp)                     | 20.00          |
